1. EDITORIAL

It's school time again. You are probably feeling excited and may be a little sad that vacation is over. It's now time for all the kids to pack their bags, don their new uniforms, and head back to school. It can be a difficult transition from the freedom of the summer vacations to becoming a full-fledged student. But this change is completely worth it.

Classes are going to start whether you want them to or not, but we have pulled together some motivation to make walking through those doors a bit easier. Here's to the best school year ever!

Don't be afraid to start over. It's a new chance to rebuild what you want.

Success story repeats at AIS.
