Dear Parents,

We are happy to meet you through the **10th** letter of the current academic year of our school.

1. EDITORIAL

A prosperous and happy New Year to all.

Well it is time to get back to school with raised spirits and jubilant heart after a wonderful Christmas and New Year holidays.

Students, you must learn from your past mistakes and accomplish your targets for future with your strength and dedication. No lesson is difficult once you start reading it and no goal is difficult to accomplish once you start working hard for you.

All you need to do is take the first step. Actually, the only winner is that person who does not surrender and always fights the circumstances and challenges and works hard to get what he desires. You should always remember that every problem has a solution and every child has a talent and it is our duty to nurture this talent and let it bloom to spread the fragrance of love, peace and harmony in the society. Successful are those who never give up. You, my students, have unmatched potential to do things that are impossible and I wish that you explore your strengths in this year and enjoy great success in every phase of life. You must try to break a bad habit, learn a new skill, read a new book and do a good deed every day.

Your meticulous efforts merged with a well charted time schedule, will enable you to systematize your learning pattern. "Believe you can and You are halfway there".
